### WAYS OF REALIZATION OF THE PROPERTY AND NON-PROPERTY RIGHTS OF CHILDREN AFTER THE DIVORCE OF PARENTS (ON THE BASIS OF FOREIGN EXPERIENCE)

*On the basis of the analysis of world tendencies of the development of the family legislation, provisions of the Ukrainian Family Law and a modern social situation several ways of realization of the property and non-property rights of children after the divorce of parents, in particular, through the introduction of institutions of joint custody the Contract on Care, as well as an introduction of the new alimentary relations are considered. Negative transformational processes which happened during the Soviet period concerning a family and paternity, as well as need of overcoming consequences by means of loan and implementation into the domestic right the best achievements of foreign experience in this area are noted.*

**Keywords :** *property and non-property rights of children, rights and duties of parents concerning children, divorce, education, joint custody, contract on care, alimony.*
