AN ADAPTATION OF THE “INDIVIDUAL-TYPOLOGICAL QUESTIONNAIRE” FOR USE IN CONDUCTION OF A COMPETITION FOR POLICE SERVICE

Paper is dedicated to the issue of Ukrainian-language adaptation of psychological method named as “Individual Typological Questionnaire” with the purpose of an improvement of professional selection of the National Police personnel. The authors studied the theoretical basis and internal structure of adaptation process, revealed the procedure and results of verification of reliability and validity of this method, represented average statistical indexes for common sample, developed new test standards and norms for police officers. The results of research demonstrated diagnostic verification of this questionnaire.

Keywords: Ukrainian-language adaptation, psychological methods, reliability, validity, average statistical indexes, test standards and norms.
